We help a wide range of businesses and we put our clients at the center of our business by delivering our promises and being there when they need us.

Our clients are: SMEs (Small and Medium Enterprises), public and private companies, banks, investors, local and international financial institutions, local and international law firms, governments, Non Profit Organizations (NPOs), Development International Organizations and consultancy agencies in various projects within DRC, Africa and across the world.

Do you want to form part of our happy clients?

Our Practice Areas

Banking & Finance

Banking and Finances are fragile sectors and are often exposed to bankruptcy; this has conducted the public intervention to regulate the financial market in order to coordinate actions and obtain a correct and regular operation.

Our team of highly experienced Lawyers and experts in Banking and Finance have figured out the regulatory frameworks, monetary policies to provide our clients with tailored and bespoke legal advice in the following sectors: Banking Law, Exchange regulations and Finance.

Infrastructures & PPP

RightsEmpower represents, advises and accompanies government, investors and lenders in most PPPs projects developed in the DRC, concerning road construction, bridges, hospitals, buildings, solar hybrid mini-grids, schools and universities.

Our team demonstrates expertise in drafting due diligence, agreement, MoU, related to PPP projects. We also advise on the definition of legal, tax and customs regime applicable to PPP projects.

Our team demonstrates expertise in drafting due diligence, agreement, MoU, related to PPP projects. We also advise on the definition of legal, tax and customs regime applicable to PPP projects.

Commercial

For many years, RightsEmpower has proved its experience by advising traders especially individuals and corporates operating in DRC.

We regularly advise foreign investors on several aspects relating to the sale and purchase of goods in accordance with the laws and regulations established in DRC.

Our Lawyers are familiar with commercial company law and are also competent to handle any issues that may arise.

Energy

RightsEmpower is an influential Law firm in DRC that is consistently and permanently recognized for having confirmed its footprint in the electricity sector.

We provide the legal services to our clients including: obtaining approval titles of all categories, concession contract for the distribution, production, transport, import, commercialization license, certificate of compliance, environmental impact study, construction permits.

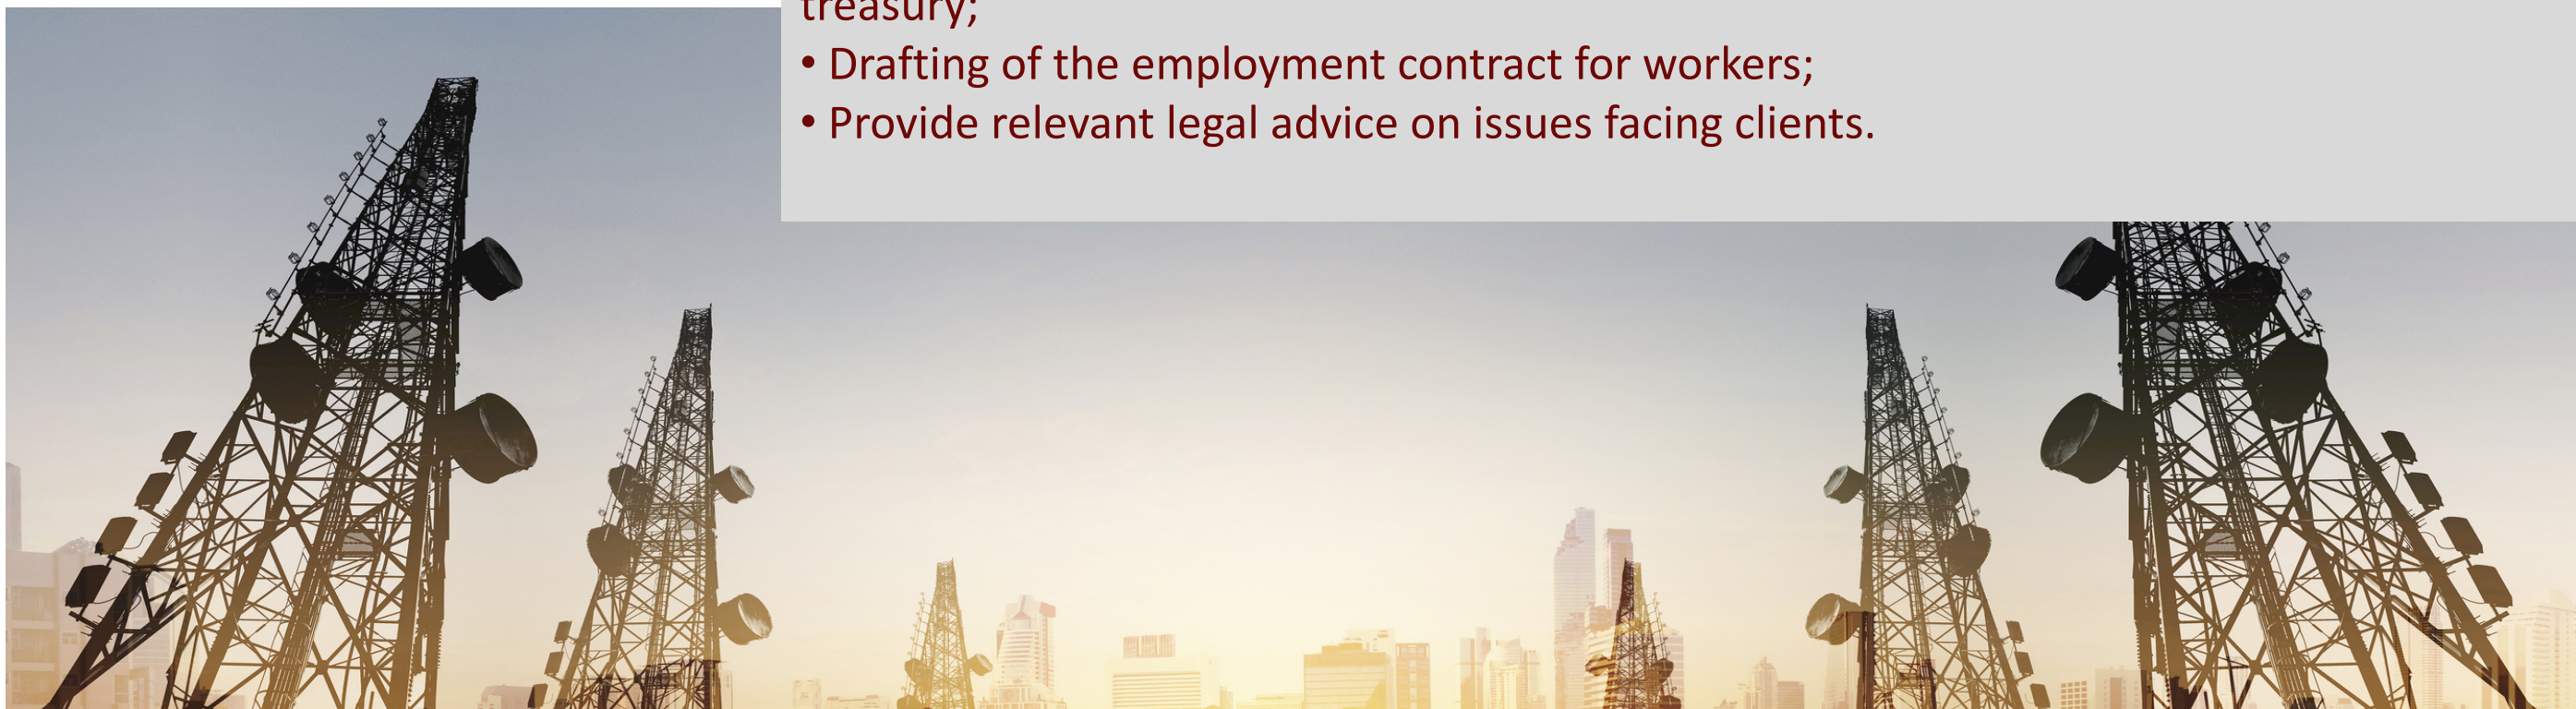

Our team advises on legal and regulatory requirements on electricity tariffs, drafting of power purchase agreement (PPA).

Telecommunication

“Our professional practice in Telecommunication sector aims to offer our clients bespoke legal services responding favorably to their daily and permanent concerns in order to take their business to next level”

We consistently provide legal services to our clients in this sector, including:

- Providing general information on Telecoms & IT laws and regulations;
- Advising on the application, obtention and renewal of an operating license;
- Accompanying operators to the supervisory authorities;
- Provide and advise operators on the categories of taxes to be paid to the public treasury;
- Drafting of the employment contract for workers;
- Provide relevant legal advice on issues facing clients.

Mining

RightsEmpower is a leading Law firm with extensive knowledge and experience in Mining Law and Careers in DRC. We have demonstrated our footprint by successfully advising and assisting a full range of public and private investors in mining.

We advise mining companies on regulations requirements as well as legal procedures from prospecting stage to operating permits obtention, environmental and social impact assessment requirements, payment of mining taxes and royalties.
